

Final Regular Meeting of Current Council Tomorrow Night

New Mayor To be Named On April 20

Councilmen Named at Tuesday's Election Take Over in a Week

Present Palm Springs city council, sixth since incorporation of the Village, will hold its last regular meeting tomorrow night at the council chambers in the El Paseo Theater building.

The final gathering of the city government body as organized now, will be at an adjourned meeting on April 20 when, under state law, it will meet to canvass results of next Tuesday's city election.

WHEN THE RESULTS are counted and declared official councilmen elected on April 13 will be sworn in and the members of the present council who retire, will be through with official city business.

The new council will meet immediately after the present council dissolves and elect a mayor and take other organization steps.

THREE MEMBERS of the current council will definitely retire on April 20. They are Mayor Clarence A. Hyde, and Councilmen Armand Turonnet and Floyd Bigley.

Councilman Culver Nichols is a candidate to succeed himself in District Three and is opposed by Gordon Feekings. Tom Kieley is a candidate for re-election in District Six and is opposed by Herbert W. Burns and Frank W. Miller.

SEEKING the seat vacated by Bigley in District One are V. H. Alchian, Jack M. Rose, Frank H. Bennett, William H. Veith, Jerry Nathanson and Clifford Halstead. In District Seven, seeking the place vacated by Mayor Hyde are Mrs. Ruth Hardy and Kenneth Colborn.

Florian G. Boyd is unopposed in District Five where Turonnet declined to make the race for re-election.

In addition to the already large field, rumors of write-in campaigns have been heard to make the campaign even more exciting.

Don't worry much on April's heat. Remember, May cannot be beat.

The above is just a limping reminder that it sometimes warms up in April. In fact, most Aprils on the desert are a sort of Spring training season for Summer. Just a preliminary warm up. Then it cools off again and May and June are great. Last year, for instance, April held the record of having the hottest day of the year among its 30 until way into August. It got up to 116 April 16 last year. Then tapered off. There even was a cooling rain at the end of the month. And in May some people—those who had "em"—had little fires in the fire-places. So stick around. Unless this is an "unusual" year, you won't regret it.

CAME A TELLING remark from George Bond, head of transportation for the Village schools. Said Bond: "The youngsters are trained in safety ways—the motorists are not." That's a thing to remember when driving the city streets during the hours the kids are going to school or coming home. Because, despite the careful training the youngsters have had and the great care the police and school officials exercise, there are still some close calls. And it's because of a careless, thoughtless or maybe "don't give a darn" motorist. Under the law, a motorist MUST stop when he comes on to a school bus stopping to load, or unload, school children. The Lions club is sponsoring four beautiful signs calling attention to this law, to go up at strategic spots in town. They are the work of Artist Earl Cordrey and good-looking enough to make autoists take a good look. It's a worthy cause and if anyone wants to help the Lions pay for them, they need only contact Lloyd Simon. The Lions have done, are doing and plan to do, a lot of things for the public weal but they can't pay for it all, it's too much of a drain. So any help will be gratefully appreciated. They didn't sound an appeal. I'm doing this on my own.

COMES a life saver in the shape of a letter from H. G. Coulter. A life saver in that it will go a long way toward filling today's stint. And anything that enables me to dodge a bit of labor is a glorious institution. Besides, it is on a subject close to See THIS SIDE OF SUN, Page 12

COOKIES—Village Brownies and Girl Scouts are selling cookies in order to pay national registration fees. Above Lynn Sanders, Brownie, and Sue Ritter, Scout, load August Nardoni with boxes of the sweet stuff. (Desert Sun photo.)

Cookies Filling Guilty, Verdict Of Jurors in Scout Activities Bernstein Case

Girl Scouts and Brownies of the Village this week launched a campaign to sell \$200 in cookies with the money to be used in paying the national registration of approximately 200 members. It was pointed out that this year the registration fees were raised from 50 cents for each Scout to \$1.00.

Saturday Lynn Sanders, seven-year-old Brownie, and Sue Ritter, full fledged Scout, trapped August Nardoni in his office on North Palm Canyon drive and collared him for the price of several boxes filled with the delicious cookies.

The boxes of cookies it was explained sell for 35 cents per box or three for one dollar.

Nathan Bernstein, alias Ned Bennett, the man who attempted to purchase a \$155,000 building with a fictitious check, stood convicted in a Riverside court of issuing three checks without sufficient funds in the bank.

A jury in Judge Russell S. Waite's court found him guilty Friday night. Judgement will be pronounced on Bernstein April 9.

Bernstein was arrested in Palm Springs a few minutes after he had successfully bid \$155,000 for a partially completed building on North Palm Canyon drive. When Chief of Police August Kettmann arrested him, he had just handed the auctioneer a check for \$15,500 as a deposit. Later investigation disclosed that this check was no good. The auctioneer refused to prosecute.

ANOTHER REASON, he said, was the war plant working mothers who placed their children with strangers for safe keeping during the day and then went out "stepping" with a boy friend for a good portion of the night.

"During the war," continued the judge, "many women, whose husbands were in the military service, went to work in war plants under the guise of patriotism. Actually when their neglected children were brought into court, it was revealed that they went into war plants to meet new boy friends."

The judge emphasized this wasn't true in the majority of cases and that many women were motivated by patriotism.

EXPONDS on his statement that delinquency in children is brought about by the lack of normal affection on the part of parents the judge said:

"Case after case in my court has revealed that the delinquent boy or girl was simply starving for affection."

On the other hand, the judge pointed out, many of the children brought into his court show a behavior which indicates that they have been pampered too much.

THIS IS QUITE often true in those homes where only one child exists. This only child is so showered with affection and so pampered that when it comes in contact with the world outside of the home, frustration sets in and the child inevitably ends up in court," said Judge Scott.

He said that juvenile authorities in Los Angeles city and county are men and women carefully selected because of their interest in children, are married and have children of their own and who volunteer for the work.

Benny Broadcast Tickets

When Jack Benny and Mary Livingston returned to Palm Springs this week, their writers came with them. For the noted star of stage, screen and radio is going on the air again from the American Legion auditorium next Sunday.

The Benny show will be broadcast from Palm Springs at 5 p.m. PDT and go from coast to coast over the NBC network.

And thus the Village will get another great nation-wide plug for Benny treated us kindly the first time he was here—and probably will again.

THE ENTIRE GANG will be here—Dennis Day, Rochester, Don Wilson, the Anaheim-Azusa-Cu-camonga quartet, and all.

The Desert Sun was asked by the Benny organization to handle a portion of the ticket distribution for the broadcast. A limited number of tickets was given each newspaper and will be distributed

Judge Lays Delinquency To Parents

Noted Juvenile Authority Urges Proper Balance Of Care in the Home

(Illustration On Page 12)

Wretched children who find themselves entangled in the meshes of the law are the products of broken homes, doting parents and those who neglect to give their children the normal affection to which they are entitled.

Such was the opinion of Judge A. A. Scott, presiding magistrate of the Los Angeles County Juvenile Courts whose years of experience on the bench handling juvenile delinquents added weight to his words as he recounted case after case from the records in substantiation.

A GUEST with his wife and daughter at the home of August Nardoni, the judge was interviewed during the course of his dinner at Mr. Dees Saturday evening.

He said that the peak in child delinquency in Los Angeles county occurred during the year of 1945 and since then has been reduced by 23 per cent.

"War wrecked havoc with homes as evidenced by the great number of divorces," declared Judge Scott in accounting for child delinquency during 1945.

ANOTHER REASON, he said, was the war plant working mothers who placed their children with strangers for safe keeping during the day and then went out "stepping" with a boy friend for a good portion of the night.

"During the war," continued the judge, "many women, whose husbands were in the military service, went to work in war plants under the guise of patriotism. Actually when their neglected children were brought into court, it was revealed that they went into war plants to meet new boy friends."

Change Date For Annual C. of C. Meet

Directors Also Vote to Seek More County Aid for All-Year Club

Members of the board of directors of Palm Springs Chamber of Commerce, in session yesterday morning, voted to change the date of the organization's annual meeting from the second Tuesday in May to the second Tuesday in December. The change puts the important meeting at the head of the busy season instead of at the end.

A nominating committee to select candidates for new directors was appointed as the terms of 11 expire on May 31. Harold Murphy is chairman of the committee and working with him are Fleta Hubbell, Muriel Fulton, Leo Baker and Kenneth Colborn.

IT WAS ANNOUNCED that the next membership meeting of the chamber would be held on April 19 at the Tennis club at \$1.50 per plate.

The measure to be voted on the next day—the special Chamber of Commerce fund special election—will be the principal topic on the agenda.

REPORT of the advertising and publicity committee's activities was given by O. B. Jaynes, chairman. A full review of this report will be presented in The Desert Sun Friday this week.

The advertising committee was given charge of preparing a new folder for Palm Springs by the directors at yesterday's meeting.

The chamber will seek co-operation of other chambers of commerce in the county, it was announced, in an effort to obtain a greater appropriation from county board of supervisors for the All-Year Club of Southern California.

A COMMITTEE, headed by Kenneth Colborn, was named to head a committee to meet officers of other county chambers and invite them to a meeting here to discuss the subject.

The directors also voted to create an honorary board of directors composed of prominent Villagers.

Judo Classes

Police To Learn How From California Expert

Melvin Bruno, state director of "in-service" training for California state prisons, will demonstrate the art of judo to officers of the Palm Springs police department and before members of the Rotary and Lions clubs this week.

His presence here in the city was gained through his acquaintance with Police Chief August Kettmann. Both were classmates in school for three years.

Bruno held the world championship in judo in the 145-pound class, winning the title in Tokyo, Japan.

A giant wrestling mat will be placed on the tennis courts of the Desert Inn for the judo-wrestling exhibitions, and the two-day course Wednesday and Thursday for police officers will train them in the handling of recalcitrant and fighting prisoners.

He will address Rotarians Wednesday and Lions Thursday.

Do It Now

Boys Reminded to Register at Once

Members of the Palm Springs Boys' club were reminded by Frank Partridge, "father" of the club, that they had better get in and register at once if they want to vote or be eligible for office in the election scheduled for April 14.

The Boys club will elect a "mayor" and "councilmen" the day after the city election. They will use the same booths and polling places that citizens use.

The election will be held April 14. Partridge said all must be registered by tomorrow to be eligible for office and to vote.

Friends Rally To Help Avak Stay in Nation

Third Extension of Visa Expires but Another Continuance Sought

Friends of Avak Hagopian, the Armenian faith healer, were doing everything in their power today to extend the time of his stay in this country.

In Miami, Florida, where he went after leaving Los Angeles, immigration authorities have extended his stay in this country three times beyond the expiration of his temporary visa to the United States.

His last extension expired Thursday and his friends are seeking an extension of time in "order for Avak to complete his work here."

Another Indian Land Measure Is Introduced

Representative Norris Poulson of Los Angeles county last week introduced a bill in congress to permit the Agua Caliente band of Mission Indians to manage their own lands.

Provisions of the proposal are unknown here and few details have been reported from Washington. However, one report from the nation's capital indicated that if the bill passes it would permit the Indians to dispose of their lands as they see fit.

Local and Riverside county authorities have hoped congress would enact legislation giving the Indians fee patents to land which would make private development of their lands possible.

Representative Poulson's bill is expected to be introduced in the Senate by Senator Watkins of Utah, chairman of the subcommittee on Indian affairs.

Old Glory

Fire Department Flag Now Running Smoothly

The flagpole in front of the Palm Springs Fire Department got a new rope yesterday morning, the first in several years.

Envious of the flag-pole climber's agility in zooming up the 75-foot pole, threading the rope through the topmost loop and back down on the ground in ten minutes, was a group of watchers on the ground.

E. J. Siegler, the flagpole climber, said that he has followed that trade for 31 years, and, amazing to all who talked to him, said his age was 55.

The PUBLISHER'S Corner

by OLIVER B. JAYNES

MOST IMPORTANT DUTIES of a newspaper at election time are: 1) To inform the people about the candidates. 2) To help get out the vote. In line with this belief, The Desert Sun is presenting a biographical sketch of each candidate for the city council in the coming election, and will continue in every issue to impress on all voters the importance of exercising this precious democratic right. The series of articles on the candidates started in last Friday's issue and more appear in this edition.

For some time, we have advocated a change in the city council. That seems assured. There will be some new faces and, we hope, some new policies. Some very good material for an intelligent, business-like, aggressive city administration is available. As we have pointed out previously, we have no quarrel with any member of the council but we hope the voters make it a clean sweep.

Kenneth Colborn, Herbert Burns and Gordon Feekings are particularly well qualified. There is nothing wrong with many of the others.

The important point that we would like to get over to the voters, however, is the wisdom of learning all they can about the candidates and then CASTING THEIR VOTE.

EXCUSE US Mr. Joy—for saying that the World Federalists are sponsoring a program on KCMJ. We are glad to point out to readers that this series of broadcasts by Warner Moon is donated by your station in the public interest—as you like to say. We understand that it has been a very popular one also. We understand that we noticed when in Los Angeles last week that they are observing "World Government Week" there beginning April 12th, by resolution of the L. A. County board of supervisors. Its high point will be on the 16th when Cord Meyer, Jr., president of the World Federalist organization, speaks at the Philharmonic.

WE'VE HEARD quite a little criticism of the Community Hospital board for not getting the machinery started for the formation of a hospital district. Well, it's in the making right now—which should make our good friend Edward Bacon very happy. A new hospital building is needed as soon as the funds can be obtained with the aid of state and federal governments—and the Community Chest should be relieved of the hospital deficiency which takes about \$25,000 a year. Maybe that would make it easier to reduce the prices of Desert Circus tickets!

Last Minute Difficulties Force Action

Inability of Stars To Attend, Union Rules, Obstacles to Event

Salute to the Cinema coupled with the premiere showing of the motion picture "Scudda Hoo, Scudda Hay" as a benefit for the Palm Springs Chamber of Commerce, has been cancelled.

The show which was scheduled for tomorrow and for which approximately 400 tickets had been sold at from \$5 to \$10 each, was called off because the event was originally outlined began to fall apart bit by bit.

AS A RESULT President Florian Boyd called a meeting of his board of directors yesterday all of whom voted to cancel the event.

The first and most important part was the lack of assurance that motion picture luminaries would be on hand at the showing of the picture or that a stage show would take place.

The final blow which proved fatal occurred when union labor trouble arose causing the entire show to be cancelled.

BOYD OFFICIALLY announcing the staging of the benefit declared that the idea of a salute to the cinema is a good one and that the Chamber of Commerce is looking forward to staging such an event.

He added that machinery has already been set up at the Chamber of Commerce offices to refund all money paid for tickets. Those persons who sent checks in purchase of the tickets may stop if they wish and pick them up.

League Endorses April 20 Ballot

Assured that no increase in taxes would result, the Palm Springs Home Owners' League last night, announced the endorsement of the proposed ordinance to be voted upon in a special election April 20.

If passed the proposal would permit the City Council to increase allowances for publicity and advertising to the Palm Springs Chamber of Commerce. This increase in funds, it is said, would come from the more than \$50,000 collected in business licenses by the city.

Ben Shearer, president of the Home Owners' League said that a special meeting of the board of directors of that organization took place in the Desert Museum last night followed by the endorsement of the ordinance.

Tuthill Granted Last-Minute Stay Prowlers

Reprieve Almost Too Late

Supreme Court Ruling
Spares Cathedral City
Slayer of Woman

Martin James Tuthill, Cathedral City plumber, convicted in Riverside county of murder, was saved from death by a scant fraction of a minute Friday. His reprieve came at 10:03 a.m., three minutes after he had been scheduled to enter the lethal gas chamber. The usual brief delay at executions spared him.

Tuthill was convicted of first degree murder for the fatal shooting of Mrs. Charlotte Beverly, 39, Cathedral City nurse, his former sweetheart, after she had rejected his attempts at reconciliation.

THE SLAYING occurred early on New Year's morning in Mrs. Beverly's home where Tuthill had secreted himself awaiting her return.

According to word to county authorities at Riverside, Chief Justice Phil Gibson of the state supreme court, telephoned Warden Clinton Duffy at San Quentin at 10:03 a.m. Friday to tell him of the court's decision.

TUTHILL SPENT Thursday night in the death cell next to the gas chamber.

Observers here had believed that Tuthill's last chance to escape the gas chamber was blasted as Judge Russell S. Waite denied a petition for writ of error, a motion to set aside the judgment and a motion for stay of execution Thursday night.

The petition and motions were filed by Atty. R. Y. Sullivan Jr., the convicted man's counsel.

IT WAS BELIEVED at the court house by county officials that the stay of execution was brought about through notification to the state supreme court that Tuthill's attorney had filed an appeal against Judge Waite's ruling.

The case has been before the state supreme court three times for consideration since last January when the jury in the Riverside county court returned its verdict of guilty of murder in the first degree—and failed to recommend life imprisonment.

Help the Police Help You, Plea Of Police Chief

List Your Property
At Police Station
Before Going Away

Going away for the summer? Chief of Police August G. Kettmann today urged property owners planning to be away for the off-season months to fill out vacant property forms at the police station.

The form lists owner's name, where he can be reached in case of an emergency, name of the caretaker and other items to enable police to give the property fullest protection during its vacancy.

It is a service rendered property owners by local police for many years.

Registration
Deadline Saturday
For School Election

Next Saturday is the deadline for registration for Villagers desiring to vote at the important school election scheduled for May 21.

At this election first board for the new unified Palm Springs school district will be named.

Elementary and high school districts were recently merged and one board will serve the schools of Palm Springs and vicinity hereafter. The high school board has been eliminated and the elementary board enlarged to five members. With one term expiring and two new places existing, three members of the board will be named May 21.

Registration for the June 1 primaries when county, state and presidential electors will be named, closes April 22.

Supervisor James I. Easley is working with County Counsel Earl Redwine on the text of a new ordinance requiring licensing of all dogs in unincorporated areas of the county.

Councilmen to Tell Stand Tomorrow

Plans Completed for
Jaycee Open Forum

The meeting, at the El Paseo theater at 8 o'clock, is under the sponsorship of the Junior Chamber of Commerce with Bill Myers as chairman.

Each councilman will be allotted five minutes in which to talk about himself and Chairman Myers will be in charge of the question period that follows.

Out-of-State Money Continues to Pour Into California

A golden flow of 72,895 out-of-state tourists came into southern California by motor in February, the All-Year Club reported today.

This was a slight drop from January but was enough to clink nearly sixteen million dollars of "fresh" money from other states into the Southland's tills during the course of the pleasure visits, according to President Willard W. Keith of the community travel organization.

"**THESE PEOPLE** mean fresh, new income for us," Keith explained. "Our surveys show that the average party of tourists spends \$583 while in Southern California—and this does not include the cost of the trip getting here and home again."

"The motor tourists arriving in February comprised approximately 27,000 parties, who would have spent, therefore, a rich total of \$15,748,203 here. And this is not counting the many additional vacation spenders who came by rail, bus, and air."

IN THE TWO YEARS since the war, tourists have spent approximately one billion dollars in southern California, boosting the tourist industry into the No. 1 place among the six chief industrial sources of "fresh" new income from out of state.

Goodwill Trucks Return to Village

Collection of Discarded
Items Is Renewed

Goodwill Industries of San Bernardino and Riverside counties will send its truck to Palm Springs April 14, a week from tomorrow to collect discarded clothing and other household and personal articles. It was announced yesterday by Frazier C. McNeill, executive secretary of the organization.

Telephone orders for collections are being taken at 2752, he said on his visit to the Village.

It will be the first time that Goodwill trucks have been in this area since 1942 when gas rationing and a shortage of truck men caused Goodwill to discontinue its distant routes.

Formerly a branch of the Goodwill Industries, Inc., of Southern California at Los Angeles, the plant located at 899 Third street in San Bernardino incorporated in 1944 as an autonomous unit with a local board of directors in charge.

A non-profit organization whose purpose is to train and employ handicapped persons and whose board of directors serves without pay, Goodwill is tax exempt since proposition 4 passed in 1945.

Board members are from all churches.

Banning Track Team To Meet Indian Squad

Palm Springs high school and Banning high will meet Thursday afternoon in a dual meet on the local oval at 3:40 o'clock, Coach Scott Thompson said yesterday.

Banning was here a week or so ago to engage in a triangular meet with the Indians and Coachella, the latter school walking away with the event. Banning finished behind Palm Springs that day but Coach Thompson said they were not at full strength.

Next week the Indians have lined up a dual meet with Perris high.

Village music lovers will be treated to a choral concert next Friday night in the American Legion Hall at 8:30 p. m. sponsored by the Owen Coffman Post 519.

The guest soloists for that evening are Eunye Register, who sang recently at Carnegie Hall; William Carle, bass of the Metropolitan opera, and Ralph Hovel, tenor, featured on the "Contented Hour," national network radio show.

Reserved seats for the event can be obtained at \$1.50 and general admission tickets are selling at \$1, including amusement tax.

Coachella High Wins Third Annual Palm Springs Invitational Meet With Indian Team Finishing Third

Gusty breezes which swept across the local high school oval Friday night did not deter 150 scanty-clads from nine high schools who took part in the third annual Palm Springs Invitational Relays and several excellent marks were set and two meet records were broken.

Coachella walked away with the meet, points in both Varsity and B competition being lumped for the final score.

PALM SPRINGS high finished third in its own meet. Nine schools competed for five awards in each event, the tenth, Vista, which had entered, failing to show up.

In order after Coachella high were Hemet, Palm Springs, Claremont, Perris, Elsinore, Beaumont, Trona and Blythe high schools.

In B competition Covington of Coachella shoved the iron pill 41 feet, 9 1/2 inches to a new record and Merlin Simpson of the Indian squad, jumped 20 feet, 5

inches, for a new mark in the broad jump.

THE INDIANS had a little hard luck which knocked them out of second place. In the 440-yard relay the Indian team won but was disqualified because the baton had been passed in the wrong lane.

Coach Scott Thompson and his aides did a remarkable fine job in running off the events.

San Jacinto, which won the first event in 1946 and Brawley, winner of the second Invitational last year, did not enter this year.

Indians Smother Beaumont High In Ball Game, 18 to 1

Palm Springs high school Indians initiated Beaumont high in to Riverside County baseball loop circles last week and did it by battering out an 18 to 1 win over the Cougars.

It was the first baseball game for the Beaumont high team as that school has not gone in for baseball before.

ON THE MOUND for the Indians was Roberts who held Beaumont to one lone safe hit.

In the meantime, the local lads were showing runs across in each of the seven innings except the second. Many Beaumont errors at critical moments contributed to the large local score. Styers socked one for four bases during the game.

Coach C. E. Ballagh, prepping his team for the county league series which starts this week, gave all of his lads a chance to get in on the fun.

THE INDIANS meet Sherman Institute at Sherman this Friday in their first league game. Their practice season has shown some excellent results and they hope to be amongst the top one when the curtain comes down on the loop circuit in May.

Ballagh's starting line - up against Beaumont: Roberts, p; Jackson, c; Styers, 1b; Doro, 2b; Graber, ss; Soto, 3b; Norris, lf; Stone, cf; Thomas, rf.

In top of double boiler and cook very slowly over boiling water about 5 minutes. Fast cooking will curdle this mixture. Measure flour, a full half cup. Add salt, then add water gradually to make a smooth paste. Stir into maple sugar mixture slowly and cook 20 minutes. Beat egg yolks until they're so thick you can lift them up with beater. Take mixture off stove and pour about a half cup onto eggs, beating hard. Then add the whole business to eggs, mix thoroughly and put back over boiling water and cook 3 or 4 minutes. When you take it off the stove this time beat again with egg beater. Add your nuts and pour into baked pastry shell.

Meringue

Beat 4 egg whites until stiff enough to hold their shape but not stiff enough to cling to bowl when tipped. Beat in 5 tablespoons sifted sugar, a tablespoon at a time. Finally, beat in 1 teaspoon vanilla extract. Spread about half the meringue over the top of the filling, the rest of the meringue onto the pie in big, fat lumps. Bake in moderate oven, 350F, about 12 minutes. Let pie stand in cool place, not the refrigerator, at least 4 hours before serving.

Free for All Net Scramble Forecast For Singles Title

News of hope for other contenders in the men's bracket of the Palm Springs Village Tennis tournament came over the weekend when defending champion, Paul Lucas, disclosed he had been called to New York for a radio broadcast and could not defend his title. This opened the way for a free-for-all fight among the expected 32 contenders for this year's men's singles trophy.

Entries close tomorrow for the four events of this tournament, men's singles, men's doubles, ladies' singles, and mixed doubles. Play begins on Thursday, and will wind up with the final matches on Sunday, April 13, at the Palm Springs Tennis Club.

THE TENNIS CLUB, Racquet Club, and high school have extended playing privileges to all contenders for tournament matches. All events are open to Palm Springs residents, and not to "rangers" from outside.

Entry blanks are available at tournament headquarters at the Palm Springs Sporting Goods store, and also at the Chamber of Commerce, Tennis Club, Racquet Club, high school, and Smoke Tree Ranch.

TOURNAMENT CHAIRMAN Charles McDonald said last night that the tournament committee expects entry lists to exceed last year's by far, and said that all players, regardless of skill, would be welcome to enter. Entrance fee is only one dollar per person per event.

In men's singles, there will also be a consolation tournament, so that all players will be assured of at least two matches.

Defending champions, G. S. Kettmann and Harold Hicks, will be on hand to defend their men's doubles crown, won last year.

Greatest Scout Rally

Southland Youth To Congregate in Village
Late This Month for Biggest Bivouac

The Southern California bivouac of Senior Boy Scouts at the Palm Springs Field Club April 30 and May 1 and 2, promises to be one of the greatest outpourings of the older Scouts in the Southland history, with more than 200 registered now several days in advance of the deadline.

This was the information given Palm Springs district Scouting officials here yesterday by leaders of the Old Baldy Council at Pomona, sponsors of the action-packed three-day outing for the boys. Other Scouting officials were present from Long Beach and El Centro Councils which will provide several bivouac staff members. The group of 17 met at Bill Ude's cafe for luncheon.

"INTEREST in this event is amazing; we're getting registrations from areas that never before turned out for any event," said Brad Datson, assistant executive of the Old Baldy Council.

"There's just no telling how many Scouts will attend—we've found they all want to come to Palm Springs. The deadlines for registration is still 10 days away and we have more than 200 registrations," he revealed.

REG C. JONES, camping chairman of the Palm Springs district, Harry C. Harper, vice-chairman of the district, Jacques Crommelin, advancement chairman, and Claud Chapin of the Community church troop committee, met with

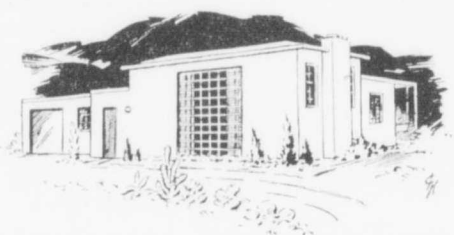

the delegation from the other councils.

Besides Datson, others attending from the Southland councils were: Frank Kenniston, Yuma; Robert M. Bishop, San Bernardino; Charles B. Miller, Long Beach; Laurie Woodruff, Pomona; E. C. Gage, Imperial-Yuma council; Jasper J. Steele, Imperial-Yuma; Douglas S. Wigg, Imperial-Yuma; Herbert Bailey, Old Baldy Council; Jack Hurt, Long Beach; C. L. Appling, Long Beach; Gerald Manson, Long Beach; Nelson Sandford, Santa Ana, and Charles L. Wigg, El Centro.

Following luncheon, the group went to the Field Club for an inspection of the grounds.

Rent control is a step toward communistic state. It's in the same class with fair employment practice legislation.—Rep. John Rankin (D) of Mississippi.

But without faith it is impossible to please him: for he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him.—Hebrews 11:6.

BLAZE OF GLORY—The Eastern Star Luncheon club season ended in the traditional blaze of glory last week when the group met in final session at the Desert Inn. Officers of the club posed with Lloyd Simon, of the Masons, after the affair. Eastern Star Luncheon Club Closes Season

The O. E. S. Luncheon Club held its closing meeting of the year at noon Friday in the Desert Inn. The president, Mrs. Fern White, presided.

The lovely favors and table decorations emphasized pastel shades to carry out the theme of Spring. They were beautifully arranged by Mrs. White, and her officers, Mrs. Edna Brott, vice-president; Mrs. Virginia McDonald, secretary; and Mrs. Helen Winterton, treasurer.

During the luncheon, troubadour Zac Halback played his accordion and sang requests for the fifty women present.

The afternoon's program was provided by Mr. Wade Lang of Los Angeles, known to radio listeners as "Strolling Tom", who sang, accompanied by his wife, recited poems, and enriched the program with bits of his philosophy of life.

It was announced that a bingo and bridge party will be held in the home of Mrs. Bert Turner, 276 Granvia Valmonte, on April 16th to which all members and their husbands are invited.

Mrs. White also announced that a group of girls who are interest-

Among the things we most enjoyed this weekend was Don Loper's fashion show at the Tennis Club on Saturday evening. The combination of such ultra-chic ensembles and the magnificent outdoor setting, was something to be long remembered.

Among those admiring the show was Mrs. Perry Johnson who later hosted a dinner party in the Club to celebrate the thirtieth wedding anniversary of her houseguests, Mr. and Mrs. John Huck of Los Angeles, and the birthday of her daughter, Gaile. Quiz Candidates For Council On Field Club Stand

Horsemen's groups of Palm Springs, now ardently backing early remodeling of the Field Club to make it more useful for many events through the season, yesterday asked candidates for the City Council in all districts to express themselves on how they would vote on early expenditure of city funds on the improvement.

The letter was addressed to the office-seekers by Bill Grant, general chairman of the 12th Annual Desert Circus, on behalf of riding groups throughout the community. Responses prior to election day are asked of the candidates.

POINTING OUT that the city of Palm Springs was left a bequest of \$30,000 recently from the Demuth Estate for the city hall construction purposes, Mr. Grant's letter declared the horsemen's organizations are anxious to see the Field Club improvement rushed so as to be ready for events next fall.

He pointed out to the candidates that completion of a 5000-seat horse show arena, which could be adapted to many events—even including showings of the Village Insanities at a much lower admission price than has been possible in the past—is of first priority, with the other recreation facilities, as suggested by a committee headed by Herschel Moseley, as also of great importance to the community.

REPLIES from the men and women seeking the five council positions will be submitted to the horsemen's organizations for guidance in their voting on April 13.

Mr. and Mrs. James S. Kemper entertained for cocktails between 12 and 3 on Sunday afternoon in honor of their houseguests from San Francisco, Mrs. F. Eldred Boland and Mrs. Francis Baer.

The guests gathered in the bougainvillea framed patio of the Kemper's very beautiful Las Palmas home and on the great expanse of lawn, the beauty of which is unequalled in this area. Fashion Show Around Pool Colorful Event

The exquisite setting around the pool of the Tennis Club formed the perfect background Saturday for the showing of Don Loper's highly original designs in women's afternoon and evening wear.

The attractive models made a striking picture as they descended the stairway leading to the pool. They were framed by tall palm trees and the bougainvillea covered clubhouse, softly lighted for the first evening fashion show to be presented in Palm Springs.

The entire collection was extremely smart including the hats and furs, also of Mr. Loper's design. The predominant features of the dresses and suits were the simplicity of the lines, the fine quality of each fabric, in some cases the daring use of color, and above all the careful detail of each garment.

The models were Nancy Randolph, Lucy Casey, Alvina Tolmison, Lois and Lucille Barnes, Trudi Haverwasser, and Barbara Bushman.

Among the three hundred in attendance were Mr. and Mrs. Vincent Marco with Mrs. Bert Elsas of Brentwood, Mrs. Mayme Comstock (Mrs. Marco's mother) and Jack Wilson of New York; Mr. and Mrs. Joseph Cauthorn, Mrs. Dora Morrison, Mr. and Mrs. Paul Helms, Mr. and Mrs. William Reichel, Mr. and Mrs. William Marvin, Mr. and Mrs. Tom Kieley, Mrs. Harold, Mr. and Mrs. Darwin Ting, Lyle Barbour of Escondido, Jane Eason, Kay Noble, Clifford Henderson, Mr. and Mrs. Jack Gorham, Mr. and Mrs. John Dunbar, and Mr. and Mrs. Jack Giba.

DOING THE VILLAGE

with
Moya Henderson

One of the big events of the week, or the season for that matter, was the very exotic fashion show presented by Don Loper in the equally exotic atmosphere of the Tennis Club, Saturday evening. From the indirectly lighted ice centerpiece on the buffet table to the spotlighted bougainvilleas, with vapor from the dry ice cast on the swimming pool picking up the highlights, the effect was tremendous.

After the show the upstairs dance floor was really crowded. Spotted here and there in the crowd were Roma and Bill Marvin and Tommy and Betty Kieley, Braven Dyer, Mr. and Mrs. Knox Manning and the Bill Davises, the Bud Kenastons (she looked pretty enough to be modeling in the show), Mrs. Perry Johnson with her house guest Ruth Adams, Joe Cigno and Dr. and Mrs. Joe Hayhurst from Redlands who were Villagers during the war when he was stationed at Torrey.

The season does not end with Easter any more, which can be proved by the nightly crowds at the Doll House. Visiting the popular establishment during the week were the Harry Reids and the Russell Wades, Tami and Johnny Boyle, Jimmy and Shirley Cooper, the Arthur Meyers of Hermosa Villa, Mr. and Mrs. Alvah Corwin, Racquet Club residents Dennis O'Keefe, Lee Bomans and Bob Cummings, and Alice Faye and Phil Harris.

Down at the Palm House Thursday night were the C. S. Hendersons, Lauritz Hansens, Carl Lykkens and Mrs. Edwain Edgerton, Mrs. Lykkens's sister from Oakland. This has been family week at the Lykkens with another sister and her husband, the Ernest Suttons from South Pasadena, joining them for the week-end as a farewell party. Mr. and Mrs. Lykken leave on the fifteenth for the east coast taking Mrs. Edgerton with them as far as Kalamazoo, Michigan. From there they will set sail for Rio de Janeiro where Mr. Lykkens plans to attend the Rotarian convention. Other plans include visiting their niece who has been living in Argentina for the past year. Sounds wonderful and we wish them "Bon Voyage".

Ex-Palm Springers, Finn and Bernice Walker, dropped down this way Sunday to visit with the Earl Houghs and many of their old friends.

Ruth and Ken DuBoise drove up to Idyllwild on Easter Sunday for a nice quiet drive and came home owning a partially completed mountain cabin. Ruth had to return this week to really look over the lay of the land and make plans with the builders for early completion. It's getting around that time when Villagers start thinking about those summer months up yonder and the news everyone has been wanting to hear was issued by Jerry Johnson this week. There will be plenty of water. Two wells already completed have eleven and twenty-five inches and a third has not been measured. A new 60 thou-

Miss Kuhrts, Jerome Smith, Plight Troth

Of interest to many Villagers is the announcement of the marriage of frequent winter visitor Clara Lee Kuhrts, daughter of Mrs. Alfonso A. Burnand, Jr. of Del Mar and Borrego Springs, and George Kuhrts, Jr. of Los Angeles, to Charles Jerome (Domie) Smith, son of Mr. and Mrs. Alfred Ferdinand Smith of Beverly Hills.

The couple, whose engagement was announced in December, were married last week in the Smith residence. The wedding came as a complete surprise to their many friends since a large wedding had been planned in June.

Mrs. Patricia Kuhrts Pummer was her sister's matron of honor and Valerie Houghton was flower girl. Maurice Olivier was best man. Rev. Louis H. Evans of the Hollywood Presbyterian church officiated. Only members of the families were present.

Catholic Mission Services Opened

The public is invited to attend.

sand gallon reservoir for snow water and 35 thousand gallon tank in Fern Valley are two projects that have been added this winter so no one should go thirsty on the Hill. Mrs. William Lippman received word this week that a blanket invitation is being issued to everyone on the Hill and all Palm Springs summer residents to attend a stork shower April 14th, at two o'clock in the Idyllwild Inn for Mrs. Bob Grey. Everyone who has ever been to Idyllwild knows Virginia as she is the gal who gave you your morning paper, developed your films and kept her husband's novelty shop a going concern while he was in the service.

Court Site Bargain

This well-situated R-3 lot, 100 feet by 128.25 feet deep, is a real value and will not last very long at the price the owner is willing to accept. If you're looking for "a lot for your money" (no pun intended), this is it. Make an early appointment with Mr. Walter McManus to inspect this property.

Residence Lot With a View

This fine residence site with a remarkable view of the desert floor, consists of almost three acres. Included in the price is a set of plans by one of the town's finest architects, for this particular lot. Already leveled and ready for building, this is another real buy and is worth your investigation. Ask for Mr. William Boggess when making inquiries.

Uncle Sam Wants Him

John Taylor, 24, Negro, emphatically declared last night that Uncle Sam's army is all wrong if they want him for anything that he committed illegally.

Nevertheless, he was in police custody behind the iron bars of the city jail awaiting the arrival of military police from March Field on an FBI "want" dating back to 1946.

"I know Uncle Sam's army has a long memory," he declared grimly, "but I got my discharge back in 1946 and I just didn't desert, that's all!"

Taylor's arrest followed the receipt of information from the FBI. His fingerprints had been sent to Washington when he applied for work in Palm Springs.

Let's Blow The Smoke Away

Let's get down to fundamentals.

Let's get down to facts.

Let's get down to your choice of candidates for the council.

LET'S BLOW THE SMOKE AWAY

First as a year around member of a rapidly growing community, I am vitally interested as you, in its welfare and progress. Its welfare and progress mean the welfare and progress of all of us who call Palm Springs home.

LET'S BLOW THE SMOKE AWAY

Let's determine a forthright administration for Palm Springs—protection from rising costs in the use of public utilities—adequate handling of the traffic arteries—elimination of unpaved, unnamed streets, temporary measures in the handling of all problems that beset an expanding community.

Recreational facilities for our adult population as well as our children are inadequate. Let's have places for our children to play, to grow—playgrounds where they can be guarded to worthwhile endeavor.

I STAND FOR IMPARTIAL INVESTIGATION OF UTILITY RATES INCLUDING WATER, ELECTRICITY, GAS, AND TELEPHONE. I STAND FOR AN ADMINISTRATION REPRESENTATIVE OF ALL THE PEOPLE INSTEAD OF JUST A FEW. A PROGRESSIVE BROAD ADMINISTRATION BENT TOWARD MAKING PALM SPRINGS WHAT IT IS RIGHTFULLY ENTITLED TO—THE GREATEST WINTER RESORT IN THE U. S.

CITY EMPLOYEES ARE NOT ELIGIBLE FOR SOCIAL SECURITY OR UNEMPLOYMENT COMPENSATION. THIS IS THE MAIN REASON FOR OUR UNDERMANNED POLICE AND FIRE DEPARTMENTS AND FOR THAT MATTER ALL OTHER CITY DEPARTMENTS. NO MAN OR WOMAN CAN WORK FOR THE SMALL SALARIES THIS CITY PAYS AGAINST THE HIGH COSTS OF UTILITIES AND RENTS AND LIVE A NORMAL LIFE WITHOUT GOING INTO DEBT. I STAND FOR AN ADEQUATE RETIREMENT PROGRAM FOR ALL CITY EMPLOYEES. THE STATE RETIREMENT ACT PROVIDES THAT ANY CITY MAY ATTACH ITSELF TO THIS STATE RETIREMENT SYSTEM. YOU PEOPLE NEED THE PROPER CITY OFFICIALS TO CARRY OUT THIS SIMPLE PROCEDURE.

LET'S BLOW THE SMOKE AWAY AND MAKE A NEW CHOICE

That's why this election is so vital. As a candidate from the 1st district, I am prepared to devote my time to that decision.

If I am elected I will do everything in my power to help the people of Palm Springs. SO LONG AS I AM IN OFFICE, SO LONG AS I LIVE, SO HELP ME GOD.

If you, too have determined these fundamentals as necessary and worthwhile, elect as your new councilman

That Old Desert Magic

It Still Has Virginia Scallon, Former Village Publicist, Strongly in Its Grip

That "old Desert Magic" still has its lure, Virginia Scallon, a former copy writer for an advertising agency handling the Desert Inn's account back several years ago, found when she visited the desert recently.

And the result of her "rediscovery" of Palm Springs is a four-page illustrated article about Palm Springs in the springtime appearing in the magazine "The Californian" on whose staff she is one of the best-known fashion writers.

HER BOSS and the one responsible for her visit to Palm Springs to check on the "new look" here is none other than Joe Oshrenko, former head of the Palm Springs Associates who now publishes the swanky fashion magazine "The Californian" in Los Angeles. She was a copy writer for his advertising agency which he opened after serving the Associates several years.

The idea of a springtime article on Palm Springs—an idea which fits well into the spring promotion now underway—was born about three months ago in a conference in Los Angeles be-

tween Earl Coffman, co-manager of the Desert Inn, and Mr. Oshrenko.

MISS SCALLON came here about two months ago as guest of the Desert Inn. She was given assistance by the Chamber of Commerce on facts, figures and photos.

Her four-page article, interestingly written and attractively illustrated with photos ranging from a breakfast ride to "inauguration" of Honorary Mayor Bob Hope, this week had given Palm Springs its best publicity break in many months. Copies of the magazine were available this week on Palm Springs newsstands.

County Schools Get U. S. Aid

Riverside county fattened its funds for schools and roads by \$11,655 as its share in rentals received by the Federal government leased lands the government acquired for flood control purposes, State Controller Thomas H. Kuchel said yesterday.

The law says that when the government takes over such land and then rents it, the counties involved shall get 25 per cent.

Allotments made by Kuchel included Los Angeles county, \$30,722; Orange \$2377, and San Bernardino, \$10,163.

Thieves Haul Trailer Out into Desert, Strip It

Mr. and Mrs. Al E. Hoover returned from a trip to Arizona last week and left their luggage trailer in the driveway of their home on North Potencio road overnight.

The next morning it was gone, Hoover, well known local realtor, reported to police.

It was found out on the desert where it had been stripped of wheels, two new tires and tubes.

The Hoovers had been visiting their daughter, Dulcy Jane, at Arizona State College at Tempe over Easter and also visited friends in Tucson.

There's a lot of real estate activity in Phoenix and Tucson, Hoover said but added: "Palm Springs is far superior in climate, water and environment."

Scout Meeting

Session To Be Held at Riverside Tomorrow

Several members of the Palm Springs Boy Scout Council were planning to attend a Spring training conference for all leaders of the Riverside County Council, scheduled for 7:30 p.m. tomorrow night at Riverside college.

John E. Jones, county president, will preside and the speaker of the evening will be Dr. John A. Styles, officer of the British Empire, former chief executive commissioner of the Boy Scout association of Canada.

Group meetings of Scout executives will follow the talk.

Mrs. Whitehorn

Well Known Speaker On the Air Tomorrow

Mrs. Ethel Whitehorn, prominent in California political circles will be interviewed over radio KCMJ by Graham Dexter, commander of Palm Springs post, Amvets, this afternoon at 4:45 o'clock.

Theme of the interview will be "The Veteran's stake in Government" and Mrs. Whitehorn has accumulated a background of facts for her statements today.

A RATHER RARE desert plant was dug up last week in the yard of Gilman Gist of Palm Springs. It proved to be a species of Orobanchaceae, commonly called the "Broom-rape". This peculiar plant is a parasite and its tuberous roots penetrate the soil for several feet until they can locate the root of another plant. When this is done the main tap root of Orobanchaceae securely fastens itself upon the host root and from then on it lives at the expense of the other plant and may eventually kill it in much the same way that mistletoe parasitizes the mesquite or cat's-claw. Gist became curious as to what these odd plants were obtaining for nourishment from his garden so he carefully dug up several of them and was amazed to learn that they were feeding upon the roots of his petunias. This is a secondary host plant because in the open desert it only ordinarily parasitizes the burro-bush or cheese-bush. In fact, the common name for this species is the "Burro-wood strangler". A closely allied species is called the Pinyon Strangler, found occasionally at higher elevations in the desert mountains. The flower itself of this unusual plant, the Orobanchaceae, is yellowish in color and the stems are quite succulent.

ON DIRECTIONS received from Phil Delano, who first called the Director's attention to the tree, a special trip was made by the director and Calvin McMillan, Botany teacher from the University of Utah at Salt Lake City, to observe the rare Pinyon in the field. This pine, which, although it is one of the nut pines ordinarily having but a single needle, has four and often five needles. In fact, its specific name, "Pinus quadrifo-

lia", means the pine with four needles. It has a very discontinuous distribution, being found only in a very small area in Anza Valley of the Santa Rosa Mountains and in another isolated spot in Lower California, and is found nowhere else in the world. It grows in association with the Kibbinwood and can be seen by driving off the Palms-to-Pines Highway about two miles, on the dirt road leading to Anza.

ASSISTING Richard Coleman of the University of California at Berkeley, who is collecting insects for the Museum in connection with his special study on the distribution of the Black Fly in Southern California, is J. W. McSwain, also of that institution, whose specialty is beetles. McSwain has specialized on one group of beetles which includes the Soldier Beetle and the Iron-clad Beetle. Entomologists who study beetles are termed "coleopterists", and persons like Mr. Coleman who study only flies are called "dipterists".

Using the Museum's Reference Library last week to obtain material for a geologic paper on the Garnet Hills and weather erosion, was Jay Holderman of Palm Springs. Mr. Holderman was investigating the work of the wind in sand-blasting the rocks and telephones in the Whitewater wash near Garnet. Rocks which have been faceted by the wind blowing particles of sand against them and polishing them smooth are called "ventifacts." Mr. Holderman is a student at Pomona College this year.

AMONG VISITORS to the Museum in the past week was a group from Honolulu on the Island of Oahu, Hawaii, and from Pago Pago on the Island of Samoa. A third island was represented by a visitor from Avalon on Santa Catalina Island.

A rumor has been going around that the Museum mascot,

Cockerell Film Library Planned At Desert Museum

At the Desert Museum board of trustees' meeting last week, it was decided to initiate a Cockerell Film Library in honor of the late Professor T. D. A. Cockerell and his wife, Wilmatte Cockerell, who were the first to use the motion picture as a medium of education in natural history fields in the Museum. During the war years the beloved couple presented movies and informal talks at all hours in the little Museum room. As a gesture of gratitude the Board decided to earnestly build up the Museum's present film library in their memory. Each member of the Board of Trustees then donated \$12.50 toward the purchase of desert films to start this project.

Winfield Line donated a 400-foot sound color reel entitled "Snakes Ahe Interesting", and Mrs. William Norman Jupe has offered to sell the Museum a copy of his long, colored movie on the desert birds for half the actual cost of making the print. H. Earl Hoover last year expressed his intention of purchasing a copy of Tad Nichols' wonderful volcano film of Paracutin and of donating it to the Museum film library, as soon as a copy of it can be obtained. These films will be kept on field in the Museum and used to present pro-

my heart at present and I hope closer to me otherwise, soon. Since councilman candidates are to stick their necks out tonight at a public forum conducted by the Junior Chamber of Commerce anyway, it might not hurt them to add an inch to the distance they go out on the limb. Anyway, writes Mr. Coulter:

"IT IS NICE to know what finishing schools the candidates attended; but can't we have some sort of an issue for the councilmanic contestants to chew on? It strikes me as a Heaven-sent opportunity for tossing the Public Bench Question into the arena; and incidentally you are The One to toss it in now that I have dragged it out.

"How about smoking out our ambitious politicians and making them stop straddling the fence, even if some pants are torn? You could put it up to them like this: 'Where do you stand, Mr. Whoosis, on the question of to sit or not to sit? Are you in favor of sitting, standing or lying? If so, under what circumstances?' And so on.

"RIGHT OFF the bat I can think of one business men's bloc which should be heartily in favor of plenty of benches along the Main Drag; i.e. the dealers in masculine attire. People wear out more pants sitting down than standing up. On the other hand, would the boulevard innkeepers be utterly opposed to outside benches on the ground that people ought to sit inside on stools with a bar to lean on? There will come to light many interesting ramifications and possibly repercussions. But who cares?

"Wishing to know more about who's whoosis and what's what, I have already queried my neighborhood candidates on this burning issue. But it is really your baby—or at least we think of you as its parent. And we want a free and fearless press to come to the aid of the Peepul.

"WHEREFORE and in furtherance thereof, I hereby propose the organization of the Public Bench Party with R. F. (Phat) Graettinger as Chief Sitting Buller. If that doesn't put some pep into the campaign, nothing will.

"In closing (ahem), I would like to suggest an utterly unprec-

edented idea that should sweep the community in a mighty wave of unbridled enthusiasm. Let it be known that the Public Bench Party is financially independent and does not propose to Put the Bite on anyone whomsoever. If that isn't unique in this here town, show me something unique. Yours for more and better sitting conditions.

H. G. COULTER."

TO HARP on another favorite topic—music—people won't have to leave Felix and Leo behind them when they forsake Palm Springs for the summer this season . . . Felix and Leo have produced an album of the songs that have made them so famous . . . It's on sale at Reed's Radio shop and at the Palm Springs Music store . . . Four records, eight sides, of the stuff that made people flock to hear them . . . If you can't get 'em in person, just put on the stack and sit back and enjoy the music . . . Felix Martinez and Leo Rojas, that is . . . And it seemed like old times the other night to drop in on the Dunes and hear Ruby play his violin and Connie sing . . . And, being sadly in ignorance of the Hit Parade, don't know whether "But Beautiful" is there yet or not, but if it isn't, look out for it.

THANKS to Mr. Coulter, I've gone by the allotted stopping place. As far as I'm concerned it doesn't matter whom you vote for next Tuesday just so long as you vote.

MAYBE Joe Stalin doesn't know that this is Army Day. . . Somebody should tell him the meaning of that old phrase: "Yelling Uncle."

Because barefoot season will soon be here parents should consider having their young children immunized against tetanus. Tetanus toxoid as an immunizing agent has proved its value in preventing fatal infections. During World War II all United States forces were immunized. THE JUDGE said that the "God given responsibility of parents to their children should start from the first year of age." All children brought into his court against whom a complaint has been filed are given a mental test and in some cases a psychiatric examination.

"It is alarming to learn of the number of children with mental quirks," declared the Judge.

PREVENTION of delinquency in children can in a majority of the cases be prevented by the following formula:

"Compel your children to attend church; check on your child's companions; know their general whereabouts at all times and learn the mental process and reactions of each child and teach them behavior in accordance with your findings.

Judge Scott is the national chairman of the Youth Guidance Committee of the Fraternal Order of Eagles, handling a program which he introduced in 1942. He is a member of Governor Earl Warren's Youth Commission which acts in an advisory capacity to the California Youth Authority.

HE WAS SCHEDULED to leave today for Davenport, Iowa, for a youth conference called by the Eagles at which the governors of Illinois and Iowa will be present.

The judge inaugurated the pre-detention hearing in juvenile cases, now used by many similar courts where juvenile officers are only given 48 hours in which to file a complaint against children instead of an indefinite period of time. At this hearing the parents and the child are called before the judge and then and there it is determined if the child should or should not be paroled in the parent's care until the actual hearing takes place.

"The behavior of the child during this waiting time has a great deal of bearing on the final disposition of the case," the Judge declared.

Promotion Up To Electorate

Favorable Result April 20 Essential to the Continued Progress of Village, Is Claim

Adequate and consistent promotion of Palm Springs as a winter resort—promotion that will bring new money and new investments into the community—depends entirely upon the favorable outcome of the special election April 20, two more prominent Palm Springs business men said this week in endorsing the Community Promotion Fund measure.

Enthusiastic approval of the election proposal was voiced by Jud Osburn, operator of the Associated Oil company station at Palm Canyon Drive and Amado Drive, and Stanley Rosin, owner of the Tahquitz Vista and El Encanto apartment hotels. Indorsements by many other business men continued to arrive in the hands of Campaign Chairman Barney Hinkle.

"IT IS WITH pleasure that I heartily endorse the Community Promotion Fund proposition on the April 20 ballot," said Mr. Osburn.

"A city rarely stands still; it either expands or grows—or it dies, and surely it is of vital interest to every business man, every property owner and every taxpayer to maintain a progressive Palm Springs.

"For the economic security of the city, the support of real estate values and the general business health of the community, I sincerely believe that a concerted effort should be made to constantly attract new people, new investments, new money.

"Certainly a 'yes' vote on the Promotion Fund proposition will be a progressive step toward providing additional money for the accomplishment of these objectives," he concluded.

Mr. Rosin, who has worked tirelessly during the past two years for adequate advertising funds here, declared in his statement that it is a general responsibility of all business people to bring more visitors to the Village.

"Tourism—Palm Springs' only industry, must flourish if Palm Springs is to continue to prosper and to be deserving of the title, 'America's Foremost Desert Resort,'" he said.

"THE OBLIGATION of insuring the continuance of this flow

of tourist traffic to our city falls squarely upon the shoulders of every Palm Springs business man. It is an obligation which many have neglected because it takes much valuable time and personal energies to campaign for the funds to make the promotion possible.

"Promotional funds must be substantial; they must be reasonably constant, and they must be available sufficiently in advance to permit time for intelligent budgeting. Fund raising by pavement pounding is a poor method of building a financially sound, consistent promotion program.

"THE PROPER PROMOTION of Palm Springs depends upon your casting an affirmative vote to permit the City Council to allocate to the Chamber of Commerce or any other qualified agency, a portion of the income derived from business licenses—the fees which are paid by the very men who are now obliged to pound the pavements for you and for me.

"Vote 'Yes' and help insure our community's prosperity."

The earthworm population varies from 300,000 to 2,000,000 to the acre in American soil, and when properly directed the worms enormously increase crop production, according to Dr. T. J. Barrett in his new book, "Harnessing the Earthworm."

**CULVER NICHOLS****PROGRAM FOR PALM SPRINGS**

The City should without delay:

Widen Palm Canyon Drive and Indian Avenue to relieve traffic congestion.

Provide parking lots and parking meters.

Pave unimproved streets.

Provide street signs.

Provide for adequate City offices.

Build a fire station near the south-end residential sections.

Eliminate burning rubbish at the City dump, by installing the cut and cover disposal system.

Create a recreation department and provide small neighborhood parks in or near the centers of population, with shuffleboard, tennis and other games available for both tourists and residents.

Provide benches in parks and on Palm Canyon Drive.

These goals are within reach. If elected I will devote my time, energy, and experience toward attaining them for the good of all Palm Springs.

Noted Seattle Man Guest Here

Mr. and Mrs. Eugene Levy, Here First Time
In Six Years, Amazed at Growth of Village

Recollections of the early days of the motion picture business as far back as 1906 were brought to mind this week by Eugene Levy, guest with his wife at the Colonial House.

The couple, in the Village only a few days but with plans to stay for a month or more, were last here more than six years ago as guests at the El Mirador Hotel. The growth of the Village since is an endless source of amazement to them and they now plan to purchase a home in Palm Springs to spend their winter months away from Seattle, Washington, where they are permanent residents at the Olympic Hotel.

A WORLD TRAVELER. Levy recalled his early struggles as a motion picture exhibitor in 1906 in Seattle. By the time ill health forced him to retire, he had a chain of motion picture houses throughout the state of Washington. He sold out in 1922.

His trip to Palm Springs this time was the result of a hard legal battle fought against a community charity in Seattle. According to newspaper dispatches from Seattle, Levy had discovered that 95 per cent of monies given to the charity which his mother founded, and which had been endowed by the estates of two deceased brothers, were being used for high-priced social workers and only 5 per cent actually went for the poor, indigent and the aged.

LEVY'S CONTENTION that the money should be spent in direct aid to those in need was

Forrest E. Doucette, former publisher of the Ontario Herald and now with the Los Angeles Daily News, and family are spending a few days in the Village for Mrs. Doucette's health. "What Palm Springs needs," he said, "are some seats around town where people can rest while uptown."

crowned with success two weeks ago, when the judge who heard the case ordered that only one-third of money received by this charity shall be used for overhead expenses. The trying days before the trial and the trial itself exhausted the not-too-well Levy and the trip here resulted.

Both he and Mrs. Levy are looking forward to a trip to India where they will be the guests of Sir Taku Rah Holker, maharajah of Indore. Levy and the Maharajah became friends years ago in St. Germain, France, when Levy was a guest at Sir Holker's chateau.

WHEN AVAK was in Palm Springs, friends in Seattle besieged Levy to try and bring the healer to that city. Levy tried offering to pay all the expenses of the young Armenian healer and whatever fee he wanted but to no avail. His telegram to the Arkellian home where Avak was staying, was the subject of a news story at the time both in The Desert Sun and press services of the country.

Born in San Francisco Levy was brought to Seattle in 1899 by his family. He remembers the gold rush to Alaska and the provisions and supplies bought by miners at the business establishment operated by his family.

U. S. public schools were in session an average of 135 days a year in 1890 compared to 175 days in 1940.
